

GROUP 25

THE IMPORTANCE OF RECYCLING

Challenge #1

Our Values:

1. Sustainability
2. Discipline
3. Responsibility
4. Hardworking

Challenge #2

PERSONAL EXAMPLE:

Our team leader made a short video about his personal experience about sorting waste, such as paper and plastic

OUR VISION

Challenge #3

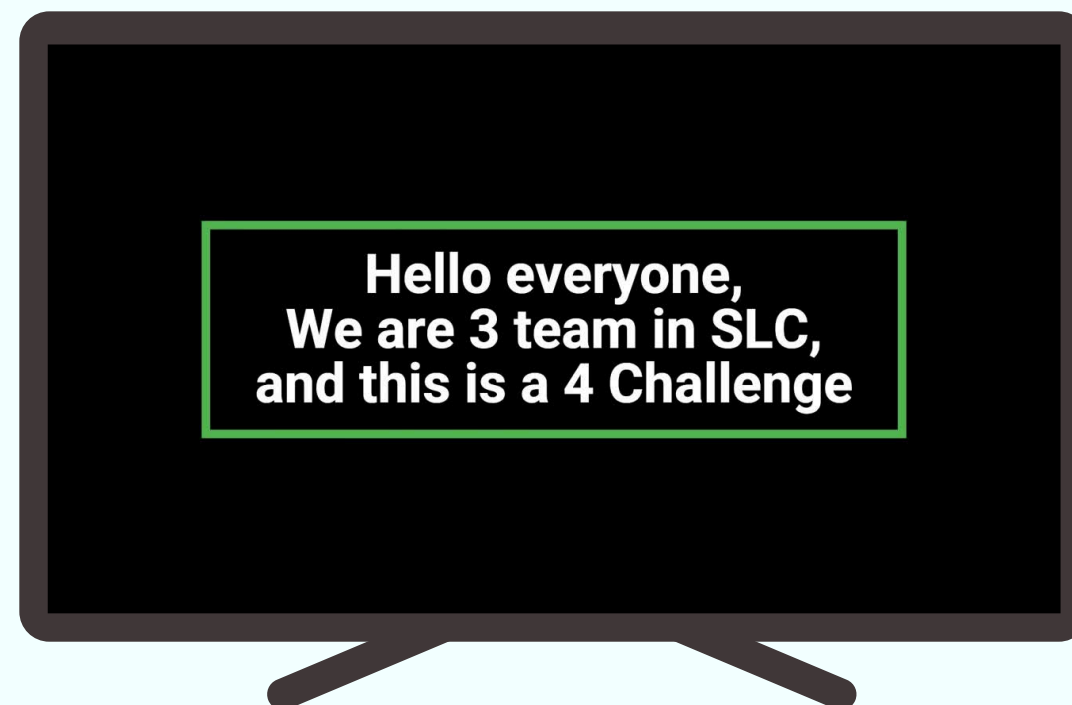

We described our vision by this short presentation:

Challenge #4

ENLIST OTHERS:

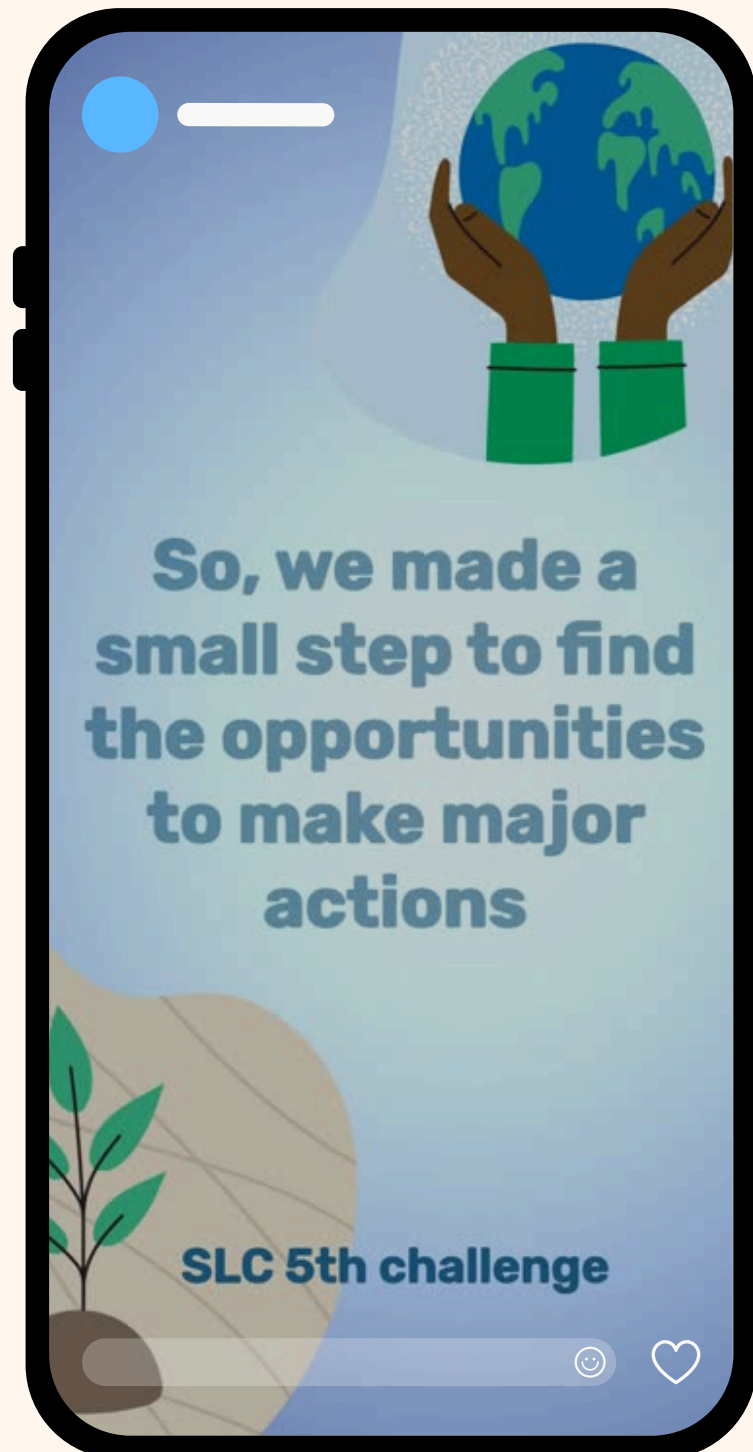

We made a conference with a professional in this sphere and discussed how to develop ecological projects

SEARCH...

Challenge #5

**We visited ecological projects fair
to find opportunities.**

OTHER ACTIONS THAT WE MADE

We create this brochure to inform followers about our responsibility to recycle the waste:

Questionnaire

How often do you separate recyclables (paper, plastic, glass, metal) from regular trash?

☐ Always (5 points)

☐ Sometimes (4 points)

☐ Rarely (3 points)

☐ Never (2 points)

Do you actively seek information about recycling and ways to reduce waste?

☐ Yes, regularly (5 points)

☐ Occasionally (4 points)

☐ Only when necessary or required (3 points)

☐ Not at all (2 points)

Have you ever participated in recycling programs, clean-up events, or community environmental initiatives?

☐ Yes, frequently (5 points)

☐ A few times (4 points)

☐ Once or twice (3 points)

☐ Never (2 points)

Have you ever participated in recycling programs, clean-up events, or community environmental initiatives?

☐ Yes, frequently (5 points)

☐ A few times (4 points)

☐ Once or twice (3 points)

☐ Never (2 points)

If you see someone improperly disposing of recyclables, what would you do?

☐ Politely inform them and explain the importance (5 points)

☐ Feel concerned but not say anything (4 points)

☐ Ignore it (3 points)

☐ I wouldn't even notice (2 points)

Eco-Champion		18-20 points
Conscious Recycler		14-17 points
Occasional Recycler		7-13 points
Unconcerned		0-7 points

Fun facts

1. Recycling one aluminum can saves enough energy to run a TV for 3 hours.

2. Glass can be recycled indefinitely without losing quality.

3. It takes 500+ years for plastic to decompose in a landfill.

How to sort?

Newspapers, magazines, office paper, and cardboard boxes can be recycled.

Avoid contaminated paper (e.g., greasy pizza boxes).

PET (#1) and HDPE (#2) plastics (bottles, containers) are widely recyclable.

Clear, green, and brown glass bottles and jars are recyclable.

Remove lids and rinse containers before recycling.

Small steps Big results
